T.J. Buffenbarger, FIFE LAKE, Mich. (June 18, 2010) – Darren Long won Friday night's Engine Pro ASCS Sprints on Dirt presented by ARP feature Friday night at Cherry Raceway. Long took advantage of the weekend off from the Lucas Oil ASCS National Series to head north and take advantage of starting from the pole and drove away from the rest of the field on the recently revamped $\frac{1}{4}$ -mile layout at Cherry utilizing Gaerte built chassis and engine for JG Motosports.

"We've kind of struggled at times on the road, so this win is good for me and the team," said Long in victory lane. "We've had a lot of bad luck this year, so hopefully that is starting to turn around."

Long and defending ASCS Sprints on Dirt champion Brett Mann started on the front row for the feature event. Long pulled away while Mann lost second position to Joe Bares. While Bares chased after Long for the lead, Mann found himself under pressure from the charge of Dain Naida. Naida arrived late to the track after blowing up a transmission in his tow vehicle. After starting 10th Naida disposed of Mann for third and then ran down Bares for the second spot in slower traffic.

Even with Naida's charge Long set sail with a perfect line on the bottom of the speedway and cruised to the victory over Naida, Bares, Mann, and Gregg Dalman.

Both heat race events were won on last lap passes courtesy of Bares and Ryan Grubaugh. Dalman won the Fast Car Dash.

ASCS SOD Action Slated for

Cherry & I-96 This Weekend

By T.J. Buffenbarger

TULSA, Okla. (June 14, 2010) – The Engine Pro ASCS Sprints on Dirt presented by ARP teams are busy this week preparing for another two race weekend in Michigan. Friday night the teams will take on the newly reshaped Cherry Raceway before heading south to I-96 Speedway on Saturday.

Friday's event at Cherry is the first since the race track went under a major overhaul during the off season. The racing surface is now wider with higher banked turns for the 2010 season. Due to a rainout last year this will be the first appearance for the ASCS SOD series at Cherry since 2008. After two strong performances last weekend Ryan Grubaugh leads the point standings going into the Cherry by 28 points over third generation driver Dain Naida.

Saturday's event is the first of three appearances at I-96 Speedway in Lake Odessa, Michigan during the 2010 season. Dustin Daggett has gone undefeated the past two seasons during ASCS SOD competition at I-96 and looks to continue his streak against a formidable field of ASCS SOD regulars and visiting teams including ASCS Lucas Oil Series driver Darren Long. Long finished second to Daggett at the season opening event at Crystal Motor Speedway, looking to improve upon that finish on Saturday.

The Engine Pro ASCS Sprints on Dirt presented by ARP is in its 31st season of competition. Twenty-seven races are on the calendar scheduled throughout Michigan, Indiana, Ohio, and Ontario.

In its 19th year of sanctioning Sprint Car racing, the American Sprint Car Series brings the best of Sprint Car racing to approximately 100 different tracks throughout 30

states and Canada. Anchored by the Lucas Oil Sprint Car Series presented by K&N Filters, ASCS also consists of ten different Regions throughout the nation.

Daggett Drives to Another ASCS SOD Win at Hartford

T.J. Buffenbarger, HARTFORD, Mich. (June 11, 2010) – Dustin Daggett won Friday night's Engine Pro ASCS Sprints on Dirt presented by ARP feature at Hartford Speedway Speedway. Daggett raced up from sixth spot to take the lead from Ryan Grubaugh on lap seven and held off a mid-race challenge from Kyle Sauder to take the 15th ASCS SOD win of his career at Hartford, moving one step closer to the all time lead in feature wins with the series.

Daggett, driving the Mott Motorsports Gaerte powered Maxim Chassis, bided his time early on as Sean Robinson, Gregg Dalman, Aaron Shaffer, and Ryan Grubaugh battled for the top spot at the start of the event. Daggett used a daring move to pass Shaffer and Dalman between turns three and four to move to second on lap six, and disposed of Grubaugh one lap later to take the lead.

Sauder, second on the ASCS SOD win list at Hartford to Daggett, showed his skills were not rusty from not racing the Hartford half-mile in over six years and worked his way up to

the second spot. After a spin by Dain Naida on lap nine Daggett utilized the lap car between himself and Sauder to open up a sizeable advantage. Sauder slowly chipped away at the lead, and caught a break when Daggett had to check up for a close encounter in slower traffic. Just as Sauder closed Naida cut a left rear tire that triggered Andy Teunessen into a hard flip in turn one Teunessen emerged from his car shaken, but uninjured.

As the cars pushed off for the restart Sauder's left rear tire went flat. The Dave Jessup led crew was able to get the tire changed, but knocked Sauder out of contention. This moved Grubaugh up to second position, but he could not keep pace as Daggett motored to victory. Grubaugh, Dalman, defending ASCS SOD Champion Brett Mann, and Robinson rounded out the top five.

Daggett, Grubaugh, and Naida won heat race events. Sauder won the fast car dash.
