

SPRINTS on DIRT SCHEDULE CONTINUES TO GROW

Gun Lake, MI – (February 2, 2013) – The 2013 schedule for the Engine Pro Sprints on Dirt Presented by ARP has grown by two dates with an exciting addition to one date that has been already announced.

The winged 360 sprint group is proud to announce a return to Butler Speedway. The only appearance of the season at the popular sprint car oval located in Quincy MI will be Saturday June 15th. To make the race date even more exciting it will be a co-sanctioned event with the NRA Sprint Invaders from Ohio. This will mark one of several co-sanctioned SOD-NRA shows on both sprint car sanctioning bodies' 2013 schedule.

The other addition to the schedule is a new event that hopefully will become a yearly tradition. The Fremont Speedway in Fremont Ohio has scheduled a triple sanctioned race on Saturday August 10. This can't miss event will be sanctioned by the Engine Pro Sprints on Dirt, the NRA Sprint Invaders and the Fremont Speedway 305 sprint division. This will add up to an incredible car count and if that is not enough to get race fans excited, the feature will pay a generous \$3,000 to win and \$300 to start the main event. The Sprints on Dirt would like to thank promoter Rich Farmer for supporting sprint car racing and promoting this incredible show.

The other upgrade on the 2013 Engine Pro Sprints on Dirt Presented by ARP schedule is the addition of a co-sanction with the NRA for the Saturday May 4 race at Mike Mouch's I-96 Speedway. The exciting news that was announced recently that the sprints will be returning to the $\frac{1}{2}$ mile Lake Odessa MI oval is now even more enhanced with the best 360 racers from Ohio, Indiana and Michigan competing. The purse structure for this event is still being developed and will be announced in

the coming weeks.

The Engine Pro Sprints on Dirt Presented by ARP will be sanctioning events in Ohio, Indiana, Michigan and Ontario during its 34th year of dirt track competition. For more information please check out www.sprintsondirt.com.
